THE AUDITOR

SAINT HILL SPECIAL BRIEFING COURSE LECTURES

1961 to 1966 was a period of very intense research and development of SCIENTOLOGY and most of the technology was issued in the Briefing Course lectures which form the core of the Briefing Course.

For many years, over 160 of these lectures have been falsely deleted or labelled confidential and were omitted from the course. Now 437 SAINT HILL Special Briefing Course lectures and recorded TV auditing demonstrations are included in the exact chronological order as originally given.

Each lecture has been restored to its original content and reproduced in stereo with CLEAR SOUND state-of-the-art sound technology, so every word can be heard clearly.

Also, there is no longer a need to waste time searching through numerous dictionaries and card files for those hard-to-find words. Now all lectures have complete transcripts and glossaries including *all* hard-to-find words and phrases.

There is another first. Now the SAINT HILL Special Briefing Course lectures are available to anyone. Even if not enrolled on the course, a SCIENTOLOGIST can own these lectures and gain a full understanding of man and life.

The new SAINT HILL Special Briefing Course consists of sixteen individual check-sheets - Levels A through P - each an average of just 3 weeks long!

The first fourteen of these check-sheets are a full chronological study of DIANETICS and SCIENTOLOGY from 1948 to present time.

Each Briefing Course check-sheet teaches a specific auditing technology and skill, and has its own end result and certificate. On the final two check-sheets the student audits a great deal and becomes an auditor expert in the most valuable technology in the universe.

Completion of the final check-sheet of the SAINT HILL Special Briefing Course marks a tremendous achievement. The Briefing Course graduate now has a full command of DIANETICS technology and SCIENTOLOGY applied philosophy and is awarded the certificate of:

HUBBARD SENIOR SCIENTOLOGIST CLASS VI AUDITOR.

CHRONOLOGICAL STUDY

The full set of Technical Volumes - containing ALL of Ron's technical articles and bulletins - forms the course packs for the SAINT HILL Special Briefing Course. There are nearly 8,000 pages of issues consisting of 35 different issue types, and *all* of these are studied on the Briefing Course.

ADDITIONAL LECTURES

In addition to the Briefing Course lectures, there are now 32 additional lectures from the years prior to the Briefing Course, lectures vital to understanding specific auditing skills which were standardized before the advent of the Briefing Course. Included is the previously unreleased series of tapes from *The Anatomy of the Human Mind Congress*.

ORIGINAL BRIEFING COURSE FILMS

Two of Ron's original Briefing Course lectures were recorded on motion picture film. These filmed lectures have not been seen in 25 years. They are now located and restored and can be seen ONLY on the Briefing Course.

You as an Auditor

by L. Ron Hubbard

Scientology can and does change human behavior for the better. Anybody who wants to help his fellow man can become an auditor.

An auditor is essentially a technician. Existing techniques are tools. Any tool requires intelligent handling and a deftness in application. To use any tool, whether it be a stone axe or a Geiger counter, a person must acquire confidence in that tool and confidence in his ability to use that tool.

An auditor is most successful when he has achieved an inexorable self-confidence in himself, in his tools, in his attitude toward the preclear and in the results he means and determines to achieve.

When you, as an auditor, accomplish your mission with a single preclear, you increase your confidence and your general ability, you increase your capability and what you can do for the universe at large and you win.

Sometime between the first moment you decide to be an auditor and your first major success, you have question marks. You have lots of question marks. But you have to start somewhere. Even a trapeze artist had to start somewhere. You can't

graduates go out as the world's best auditors which was exactly the way I planned it some years ago.

I started the Saint Hill Special Briefing Course to make good auditors into better auditors, who could go out and make good auditors. It's been successful in the extreme here at Saint Hill. Then the people who started coming to Saint Hill could audit better.

A good auditor is one who knows Scientology and its techniques and who audits with all basics in. That's the primary thing we stress here at Saint Hill.

We have learned a tremendous amount about auditing. Today, we have the technical materials. We are making our way, all the way. Now we must not stop.

It is time man grew up. That is what we have in mind. You know we are a potent force on Earth. Indeed the only force that is doing something about it.

We weren't effectively prevented from attaining our knowledge — the hard part of the journey.

Now we can not be prevented from applying it. We can take the individual and raise him. Thus we can raise the whole. So there

As an auditor you can do something about life. You can confront it and have a much

ons. And we must get it out and use it. What we have got to face up to now is the

up to now is the fact that our expansion will be an accelerating expansion. So it's my responsibility to make the best auditors I can make.

The people who come to Saint Hill for the Saint Hill Special Briefing Course are trained very well. I am proud of the way the training is being done. Saint Hill

confront it and have a much wider, broader view of life and people than any person, regardless of their state of case, who is not an auditor.

Today, the mysteries of life are not, with Scientology, mysterious. We're using the technology for which man, even in his cruelty and blindness, searched for

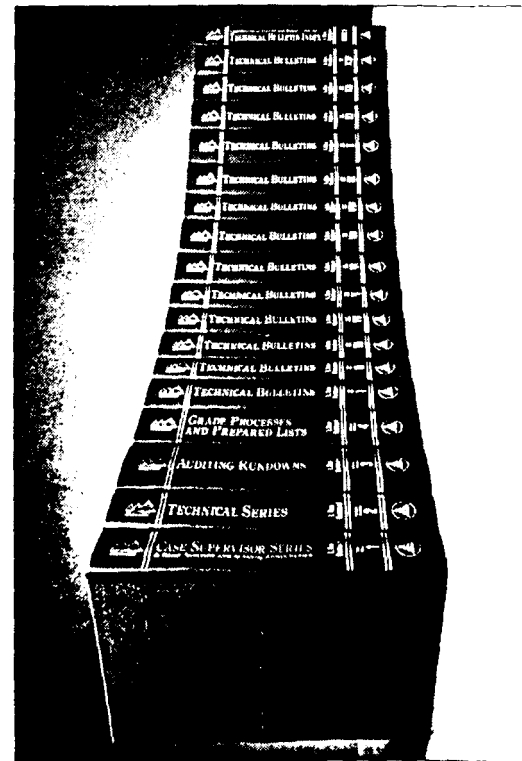

even a trapeze artist had to start somewhere. Now for anybody who wants to be an auditor, the thing for him to do is start — and just face bluntly the fact that he's going to make mistakes, and maybe fall flat on his face and then all of a sudden he's going to be auditing with the greatest of ease.

The SAINT HILL Special Briefing Course contains the largest and only effective body of technology on human behavior, the mind and life ever developed.

It was originated and personally taught by Ron at Saint Hill in the 1960s, while the technology was still being formulated. Ron gave live lectures detailing new discoveries as they were made, new processes and procedures as they were developed and refined.

Recordings of these lectures form the core of today's Briefing Course, providing a broad, comprehensive and in-depth coverage of the tech which exists on no other course.

The new and final Classification, Gradation and Awareness Chart

This is the famous bridge L. Ron Hubbard mentioned at the end of *Dianetics: The Modern Science of Mental Health*.

It is complete and final. The being enters it from somewhere in the minus regions as a beginning SCIENTOLOGIST and moves on up.

For man to have this at all is quite remarkable. He never had it before.

This chart covers many things.

There are 57 levels of awareness from Unexistence on up. By "Level of Awareness" is meant "That of which a being is aware." The being who is at a level on this scale is aware only of that level and the others below it. To get a case gain such a person must become aware of the level next above him. And so on up in orderly sequence, level by level.

A principle contribution of SCIENTOLOGY is the technology necessary to change people so that they progress into higher states of ability when processed on the exact processes required by an auditor qualified by training to apply the processes expertly.

Not only can general ability increase, but records show that auditing increases I.Q. and

gives a renewed livingness and the skill and ability to better self and conditions.

As you study this chart you will see it is a road map upward.

By following this chart one can make CLEAR and then beyond.

The preclear moves safely on the proper bridge and somewhere along the line must be trained in the Classifications that match his Grade. One can be audited quite a ways. Then he had better get trained from Level 0 on up or on the SAINT HILL Special Briefing Course.

The thing to do is start in your local Academy on the Chart and move on up.

Today it is faster than you would think.

The BRIDGE is not only in, it is today fully complete and final, a twelve-lane super highway to higher states of ability and awareness. All of L. Ron Hubbard's developments and breakthroughs in the mind and spirit are incorporated in this chart.

Man has no other route to freedom. The traffic is heavy already. Book early and START on your next step on THE BRIDGE to Total Freedom.

FOCUS ON SUCCESS

WHAT THE ORIGINAL BRIEFING COURSE WAS LIKE

I did the SAINT HILL Special Briefing Course in 1963 - 1964, when Ron was researching goals, clear and various other aspects of what is now the Gradation Chart.

I had determined that I was going to be the best auditor in the world, the most proficient and totally in command of the tech. I did in fact end up with a certainty on basics that has never left me.

Training was *not* a walk in the park -- but when one graduated a level, one *knew* the tech.

There was compulsory hard TRs (12 hours) over the weekend and a very rigorous schedule.

But the highlight of the week was the twice-weekly lectures by L. Ron Hubbard. We definitely paid attention and had to pass an exam on a weekly basis -- which kept us on our toes.

My very favorite moments were when Ron would put the latest technology on the notice board and he'd ask us how it went in application. He really cared and was in communication with everybody.

I wouldn't change my Briefing Course days for anything and consider myself very fortunate indeed to have had the care of Ron personally in my training. He always put so much trust in us and we definitely intended to live up to it. Which is one of the reasons I am still in the Qualifications Division on org staff after 30 years. He's counting on me to keep the show on the road and I will. -- S.A., Class VIII Auditor

THE TECH OF LIFE

Without doubt, the SAINT HILL Special Briefing Course was the most spectacular adventure of my life.

LIFE. I stepped into a new realm of capability and stability and really assumed the beingness of an Auditor the way Ron intended.

I am forever grateful to Ron for this legacy of tech, for it is a truly amazing body of truths expansive enough to fill the universe, yet maintaining a total simplicity.

With it we can and are freeing beings.

The SAINT HILL Special Briefing Course is truly perfection. -- P.A., Permanent Class VI Auditor

EASIER TO DUPLICATE

The Briefing Course materials are easier to duplicate and far more comprehensive and really gives one a volume of data to better evaluate life. As judgement in living life improves, so does one's survival and progress. To go and stay truly free, do the SAINT HILL Special Briefing Course. -- A.A.

LECTURES COVERING EVERY FACET OF LIFE

Listening to the SAINT HILL Special Briefing Course lectures was the most rewarding training I have ever done as an auditor. Every detail of research that Ron did at Saint Hill during the 1960s is covered in these tapes and listening to them is really like sitting right next to Ron learning exactly how he developed the Grade Chart, step-by-step.

These lectures not only cover all the basic underlying theory of THE BRIDGE but also address just about every facet of life. Ron gives incredible facts about man's past, politics, religion, study, different cultures, music, art and a myriad of other subjects. Once you have completed them you have a comprehensive understanding of life.

What I gained as an auditor from these tapes was a complete certainty on basics.

"I see a direct influence of the Briefing Course on my understanding and communication. As an Executive Director for a city office in a pioneer area, Carolina DIANETICS, Winston-Salem, North Carolina, I got loads of useful data for expansion. As a musician, I gained viewpoint changes through the tapes and technical volumes."

Lynn Peters

"I did the SHSBC in 1974 and the Class VIII course in 1975; I have never regretted the time and effort I invested. There is no other way I could have gotten the

1975: I have never regretted the time and effort I invested. There is no other way I could have gotten the certainty and toughness they gave me. An example is an experience I had in 1985 while auditing a beginning pc in an introductory session. He had never been audited but as soon as I said, 'This is the session,' he became extremely critical and upset. With ARC, I quickly cleared his words and ran the exact process needed. When we finished he was considerably sweeter and he asked me in an astonished voice how I could be so sure of what I did. He was amazed at his relief.

"In my pre SHSBC days I'd have crumpled in that situation, 'ended for C/S instructions,' etc. Advanced auditor training helped me grow up as a SCIENTOLOGIST so I can use the subject correctly without strain."

Ron Fiandaca

What I gained as an auditor from these tapes was a complete certainty on basics. Auditing became the simplest thing in the world to do because any and all seeming complexities got swiftly eradicated and I just knew that I was able to get any pc through anything with ease and 100% results every time.

My life changed radically from the knowledge gained from the SAINT HILL Special Briefing Course, and I will continue to put every part of what I have learned into application. My greatest respect and thanks go to Ron.

-G.M., Class VI Auditor

Briefing Course was the most spectacular adventure of my life.

I gained a wealth of knowledge and understanding broad enough and technically perfected to the point where I know, with absolute certainty, how to set any individual free.

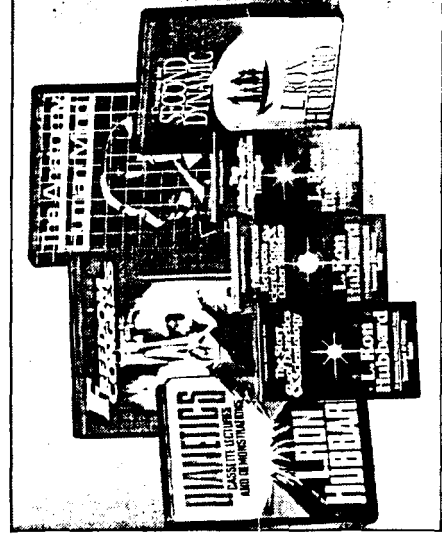

I was put in awe many times over at the simplicities and truths presented on the course, and I felt myself changing as never before.
