“Advanced Courses are the most valuable service on the planet. Life insurance, houses, cars, stocks, bonds, college savings, all are transitory and impermanent and based on things not surviving, or on things that are in fact being destroyed.

“Advanced Courses rehabilitate the Thetan to his OT abilities and last forever and give immortality.

“There is nothing to compare with Advanced Courses. They are infinitely valuable and transcend time itself.”

The route to OT[®] Ability

Clear Certainty Rundown™

counselling

"In light of recent technical discoveries a new rundown has been assembled for the verification and rehab of the State of Clear, superceding and replacing the DCSI. The object of this rundown is to remove any doubt a person might have as to whether or not he had attained the State of Clear, and give him *certainty* of his state, a positive knowingness of where he stands on the Bridge to Total Freedom and a stable starting point for his continued journey upwards. Its name is the Clear Certainty Rundown."

From HCO'B 2 Dec. 1985R, Rev. 18 Dec. 1988, *Clear Certainty Rundown New Service* by LRH.

Clear Certainty Rundown counselling is a special rundown for Clears and those who think they might have achieved the state of Clear. This rundown can forever end cycle on self invalidation and doubts about being Clear, and enable the person to move swiftly forward on the Grade Chart.

Some who have done this action say that it has given them a vast increase in free theta, greater self determinism, and stability about their state. Others have said that they have cleared up confusions that had introverted them into their case, and have achieved a stable starting point where they could continue up The Bridge[®] grade chart.

The Clear Certainty Rundown is done by (a) Anyone who has just gone Clear on NED[®] auditing but has not had the state verified in a formal auditing run-

of the OT Levels are audited Solo.

The New Hubbard[®] Solo Auditor's Course is divided into two parts. On Solo Part One, the pre-OT gains specific auditor skills necessary to get up through the OT Levels. On Solo Part Two, he actually solo audits!

Solo Part One covers the basics of the mind and life. On the first part of the course, the basics of *Scientology*[®] applied religious philosophy are covered. You then learn the basics of auditing and the E-Meter[™] religious counselling device.

You will then do a series of meter drills to raise your confidence and expertise in metering. All meter drills are done five times through for a new auditor. If you have had auditor training in the past, you may be credited for previous times through the meter drills.

You then do a series of Solo Auditor drills that teach you the basics of Solo Auditing, and raise your confidence in yourself that you actually *can* Solo Audit.

As a result of doing Solo Part I, you can be sure that you know exactly what Solo auditing is and how to do it standardly. You can gain certainty of your ability to handle your own case, and know you can get standard results from using LRH's tech on yourself.

average. Some people will take more time, some will take less.

However long it takes, your Preps will only be the *exact* amount of auditing needed to clean up your case, and ensure that you are set up to go through the OT sections smoothly and with maximum case gain.

OT Preps are *only* programmed and delivered at a higher org: an AO, Saint Hill or the FSO. They can be done at the same time the pre-OT is doing Solo Part One, and they must be complete before starting the Solo Auditor C/Ses on Solo Part Two.

New Hubbard Solo Auditor's Course Part II

The next step is Solo Part Two, a very fast course done just before you get onto New OT I. On Solo Part Two, you actually solo audit on a series of Solo C/Ses designed to enable you to gradually apply your solo skills with real auditing.

Solo Part Two can *only* be done at a higher org (an AO, Saint Hill or FSO). A person must be at least

If you think you might be Clear, or if you have any attention at all on a previous Clear verification cycle, you *must* come to AOLA *immediately* for the Clear Certainty Rundown.

Sunshine Rundown

pastoral counselling enhancing the state of Clear

Sunshine Rundown® counselling is the next action that a person does immediately after his Clear state is verified on Clear Certainty Rundown counselling. A short action done Solo by the pre-OT, this rundown can greatly help him feel much more cause about life as a Clear.

Some pre-OTs have said that as a result of this action they feel able to be part of the MEST Universe without being the effect of it. Others have said that it helped them feel really capable and at cause as thetans. Others give wins such as feeling really extroverted as a Clear, and stable and bright as a being.

Auditing

OT Preparation Auditing is a tailor-made program for the pre-OT for *exactly* what *that* pre-OT needs to be in good case shape to get onto his OT Levels. This auditing sets the pre-OT up for maximum gains on the OT Levels. No unnecessary actions, and no actions that are not needed by that particular individual for preparation for the OT sections are given on OT Preparation auditing.

Pre-OTs have reported incredible wins on their OT Preps. One pre-OT said that the little nagging "worries" that he had always had that stuck so many of his attention units ever since he could remember were now totally gone. AOLA pre-OTs rave about how accurate the auditing was to pinpoint exactly what was "bugged" on their case, and how much gain they got out of this action.

Your OT Preps can *only* be programmed and delivered at a higher org (an AO, Saint Hill, or Flag* religious retreat). A Class IV Org is *not* qualified to program and C/S you for your OT Preps. Anyone who is Clear or thinks he is Clear should *immediately* send his folders to AOLA to get them programmed.

"IT IS VITALLY, VITALLY IMPORTANT THAT ONE GETS ANY PERSON WHO HAS GONE CLEAR THROUGH HIS NEXT REQUIRED STEPS (DCS¹, SUNSHINE RUNDOWN, SOLO COURSE PART I, OT PREPS, SOLO COURSE PART II) ONTO NEW OT I AND THROUGH OT III RAPIDLY.

"This means with no unnecessary interruption of that route whatsoever. It means with any additional required auditing or preparation kept to the minimum that *is* needed."

From HCOB 23 Dec. 1971RA, Rev. 2 Oct. 1983, Re-Rev. and Updated 1 July 1985 *The No-Interference Area Clarified and Re-Enforced* by LRH.

* Now replaced by Clear Certainty Rundown counselling

The average time it takes most pre-OTs to get through their Preps is about one to two intensives. It must be kept in mind that this is a totally tailored action for each individual, and that this is only an

days full time, and about a week and a half part time. This is only an average; it can vary considerably from one pre-OT to another.

Solo Part Two gives the Solo Auditor confidence in his solo auditing skills, and polishes his skills so he knows he can solo audit with ease. It ensures that the pre-OT is perfectly trained to do exactly what he is supposed to do on the solo levels, and gives him full reality on solo auditing.

When you complete Solo Part Two at AOLA, you will receive your beautiful "solo wings" pin, showing that you have become a full-fledged Solo auditor, and are ready to take yourself up the OT Sections.

OT Eligibility Auditing

OT Eligibility is a short action which determines the pre-OT's eligibility for the OT Levels. A *False Purpose Rundown™* List that is only available at higher orgs is used for this action. This means that the pre-OT gets False Purpose Rundown counselling on considerations and postulates technology on this Grade Chart step, which is *only* done at higher orgs.

This level can eliminate barriers to moving very swiftly up The Bridge grade chart. Pre-OTs report, after finishing this rundown, that they know that they are truly and honestly eligible for the OT Levels, and that they have gotten rid of substantial chunks of case.

OT Eligibility is *only* available at higher orgs—AOs, Saint Hills, and the FSO. When your Eligibility is completed, you receive your Eligibility for OT Levels Chit, and you are ready to start your OT Sections.

ies and Total Freedom

New OT I

From his research into the upper levels of OT came a brand new OT Level from LRH. New OT I is tailor made for Clears as the perfect gradient to OT. The wins and gains that pre-OTs report from this level are very dramatic.

Pre-OTs say that New OT I helped them have more control over their postulates. Others say that they became more exterior and pan determined. Others say that they can now create effects in other people's universes. Some say that problems are much easier to handle. Some say they have become much more successful in work and in life. Others say they notice they can really *cause* things to occur.

This level also addresses something in the universe of a Clear which can stop him from moving up through the OT Levels rapidly. New OT I completions, almost without exception, *rapidly* move through their OT Levels when they complete this action.

This is a metered, solo audited level. The auditing time on this level averages about seventeen hours, although this can vary greatly from one individual to another.

New OT I is delivered at an AO or at Flag retreat only. If you have done OT I and have not moved onto OT II, you should do New OT I. If you are Clear, you need to move through your Clear Certainty Run-down counselling, OT Preps and Eligibility, and Solo so that you can do this incredible new OT Level.

When you have completed OT II, you are ready to face and handle the Wall of Fire, OT III.

OT III

"The mystery of this universe and this particular area of the universe has been, as far as its track is concerned, completely occluded. No one has ever been able to make any breakthrough and come off with it and know what happened.

"The material involved in this sector is so vicious that it is carefully arranged to kill anyone if he discovers the exact truth of it. My task was to find some way to safely bring through individuals. It was not enough for me, myself, to have lived through it. Other people would have to do so. I finally was able to make a breakthrough which brought people through this zone with safety."

From Ron's Journal 67 by LRH.

On OT III, the pre-OT finds out the final secret of the catastrophe which laid waste to this sector of the galaxy. To this day, this incident has profound effects on the very nature of beings and our society on Earth.

Pre-OTs report incredible gains on this level, far and beyond any they have experienced on any other auditing level. Some of the wins are: Blowing through inability to create in abundance. Huge

they had gone right onto New OT IV after OT III.

Full time at AOLA, this level can usually be completed in about three or four days. Part time, it takes longer. The average auditing time for most pre-OTs is one intensive, though there is a wide variance from one pre-OT to another.

New OT IV is delivered at an AO or the Flag retreat only.

New OT V

"I have now developed an entirely new rundown called 'New Era Dianetics for OTs.' This deals with living lightning, the very stuff of life itself. Run exactly correctly by the book it produces remarkable results in the OT band and has made it possible for me to now release OT VIII...While much of it is confidential I can tell you that the first step of 'NED for OTs' is designed to raise perceptions, especially theta-perception, and as for the rest of the rundown...surprise, surprise, surprise!"

From LRH ED 298 Int, AD 28, They Year of Technical Breakthroughs by LRH.

New OT V is the Dawn of Cause Over Life. It gives the pre-OT truly staggering and miraculous wins and changes. Some of the results that pre-OTs have experienced are: Being able to operate at cause in life. Complete certainty of themselves as thetans. Others feel they can accomplish anything they really

need to move through your Clear Certainty Man down counselling, OT Preps and Eligibility, and Solo so that you can do this incredible new OT Level.

OT II

"I began search into the back track of Mankind some years ago. There was no actual knowledge of it in existence. There were numberless superstitions, countless guesses, as many theories in favour of one thing as in favour of another. People believed, some of them, that Man had lived before. Others believed that Man was born innocent and died and went to a place called Hell. Most believed that when you had lived once, that was all, fellow.

"Such a number of conflicting theories must have truth in them. It became my business to discover, against considerable odds, that truth."

From A History of Man, 1952, by LRH.

On OT II, you go through the incredible journey of your Whole Track. OT II delves deep into the entire record of your existence in this universe. As the vast amount of charge from areas that have never been confronted before is blown, the pre-OT is stronger, surer, and very ready to handle the Wall of Fire on OT III.

This is a very major OT Level. Many pre-OTs have said that they handled things on OT II that they never expected to go near until they were at least OT III or above.

Some of the wins reported on this level are: Removal of effort from life and livingness. Some say that they really feel that they have separated themselves out from the OT case. Others feel they have become more and more themselves. Some other gains: Being able to make postulates stick. More personal stability. Increased sanity across the dynamics.

OT II usually takes about two to three weeks full time. It may take longer part time. This, of course, varies considerably from one individual to another.

OT II is only available at an AO or FSO.

and beyond any they experienced on any other auditing level. Some of the wins are: Blowing through inability to create in abundance. Huge increases in energy. The regaining of beingness and certainty. Ability to see the source and cause of things, and be able to handle the source of upsets. Enormous increases in theta perception. These are only a small number of the wins that are reported on this level.

OT III is a major step on The Bridge grade chart. It is also vital that all Clears get through this level immediately, as a Clear that does not move through OT III is at risk.

"ANYONE WHO IS CLEAR BUT NOT OT III HAD BETTER BE PUSHED UP TO OT III FAST BECAUSE OTHERWISE HE IS AT RISK."

From HCOB 23 Dec 1971 RA, Rev. 2 Oct. 1983, Re-Rev. 1 July 1985, The No Interference Zone Clarified and Re-Enforced by LRH.

If you are Clear and not yet OT III, you must get through OT III immediately. Incredible wins are waiting for you when you do. Not moving through this level can put you in danger of colliding with the OT case in this band.

New OT IV

New OT IV is an audited level. It handles the effects of drugs on a thetan with OT auditing. It can also handle unwanted emotions, sensations, attitudes and pressures.

Incredible wins are to be found on this level. Some of them are: The ability to put postulates to work. Being able to generate more power as a being. Some pre-OTs say that they can now outcreate problems and blow stops more easily. Others say they feel lighter and brighter, and more uptone. One of the AOLA staff who works in the HGC where New OT IV is delivered commented on the fact that she can physically tell the difference in people who have completed this rundown, an actual change in their appearance when the "mass" that is handled on this rundown is blown.

The most common thing said by pre-OTs when they have done New OT IV is that it is an absolute must after OT III. Those who have waited a period of time after OT III to do New OT IV say that they wished

experienced are: Being able to operate as a thetan in life. Complete certainty of themselves as thetans. Others feel they can accomplish anything they really decide to do. Some say they have blown all stops off their ability to operate as an OT. Another win reported is increased ability to get things done.

An AOLA NOTs* C/S was describing some of the daily miracles that occur on this rundown. One pre-OTs father was dying of cancer. The son addressed it in session. His father called him a week later, told him that he knew his son had "helped him somehow," and that his cancer had totally vanished. One person had lost his highest income producing account. He addressed the problem in a NOTs session, and the client from this account called him at exactly the same time the area was addressed to tell him that he had changed his mind and was giving him the account back. One pre-OT had tried, unsuccessfully, to get his wife into Scientology* philosophy for twenty five years. He addressed the problem in a NOTs session, and she called to tell him that she had enrolled in the Communications Course.

NOTs is filled with daily miracles such as these. One of the most common things that pre-OTs say about Audited NOTs* advanced spiritual healing technology for OTs is that one session of NOTs is like one intensive of lower level auditing. So much is handled at such a rapid rate that every session is miraculous.

The average time for New OT V is about three to five weeks full time, averaging about three intensives. This varies from one pre-OT to another. Auditing on this level part time can make the rundown up to two intensives longer, as there is more of a necessity to handle the person's rudiments, and the problems of daily life. It is much better for someone to come as a full timer and audit intensively.

There is a Sliding Scale for Audited NOTs auditing at AOLA. The more intensives of NOTs that you purchase at AO, the less you pay for each intensive. Call or write your AOLA Registrar for more details on the NOTs Sliding Scale.

After New OT V is completed, the pre-OT is ready to start New OT VI, the Solo NOTs* advanced spiritual healing technology for OTs Auditors Course, and New OT VII, Solo NOTs auditing, at Flag retreat. Then, he is on to New OT VIII, Truth Revealed*, on the new OT ship, Freewinds™!

What we expect of a Scientologist™

We inherited, when we began, a great many hidden errors in the society, so deeply laid they seemed right. "Everybody knows that..." is a tombstone of progress for it contains uninspected lies that bring the wittiest of us to grief. "Everybody knows that Man is Evil" was only one of the many things we found wrong, exposed and dropped from our own knowledge.

However, in the field of what is expected of a Scientologist, we have for ten years carried along an inherited error. It is this: "Everybody knows that a specialist in a science hangs out a shingle and, if a professional, becomes a private practitioner."

Now listen. Psycho-analysis was developed in 1894 by Sigmund Freud. Everybody who studied it was expected to hang out a shingle and start practicing. It took half a century for psycho-analysis to become generally known by the people. Yet how could it miss? Its tenet was that if you were sexually uninhibited you would be happy.

The psycho-analyst took his cue from the medico of his day. If you could heal you were a healer with a shingle.

Well, I'm afraid a lot of us have bought this too. If we were trained in Scientology® as a professional we should hang out our shingle as a practitioner. With all due respect to the Scientologist in professional practice (where they have every right to be) this is not a true idea. It is a borrowed idea. It's as old as the witch doctor.

A Scientologist is the being three feet behind society's head. And society runs on eight dynamics, not in a sick room. Some of us, of course, would become professional practitioners. But a professional Scientologist is one who expertly uses Scientology on any area or level in the society.

A housewife who does not have professional level skill in Scientology could not expect to run a wholly successful family or keep order in her neighborhood and keep her family well. A factory foreman could not possibly handle his crews with full effectiveness without professional Scientology skill. The personal assistant to a corporation executive could not do a fully effective job without being a professional Scientologist. A corporation president without a certificate will someday fail. And the head of a country would go to pieces if he didn't know Scientology from a professional angle.

How can these people handle life if they have no expert knowledge of how to handle life?

Now we don't expect everyone in the world to become a trained auditor. But we expect the people who are making the world to have a knowledge of how to make it go.

A trained Scientologist is not a doctor. He is someone with special knowledge in the handling of life.

We have many, many personal success stories in Scientology. They begin with a book acquaintance and bloom when profes-

sional skill enters the background. These people, small people, big people, drove a wedge for themselves into companies, societies, with Scientology and then took over control of the area. They succeeded where they never would have dreamed they could. And every time one of us drives in such a wedge, we all win because the world is brought nearer to a sane and decent world.

The factories, the marts of trade, the homes, the neighborhoods, these are the places we want trained Scientologists. In that way alone, we're on the busy, still healthy communication lines of the world.

Some of us need to run centres and schools just to give the rest of us service when required. Training at pro level must continue and must be kept good. And service and communication must be given. Hence, we have Central Organizations on every continent and HCOs. But if we avoid the throbbing comm lines of the world and act like doctors, we will not win soon enough as a group.

Any trained Scientologist can win to success in society. Heightened IQ, a knowledge of life, a forthright attitude—with these things it is easy for him or her to improve a social or business position, to get higher pay, to exert wider personal influence. This we know we can do, we have done it so often so let's improve the ability.

Process people weekends, run a co-audit some evenings of the week at home, but get on the active lines of the world and make your presence felt.

It takes full training to do it. It's been done from our books alone but not always well. It takes tough Academy training to make a Scientologist, so don't go at it half armed.

And stop feeling apologetic because you are not a "full time auditor." We are the auditors to the world, not to a handful of the sick.

We are not doctors. We are the world's trouble shooters. When we make a company win, the whole world wins; when we make a neighborhood win, we all win.

A full time Scientologist makes life better wherever he is. And that is enough pro activity for anyone.

What do we expect of you? To become the best Scientologist that can be and to get on the comm lines of the world and bring a big win where it counts. We don't expect you to hang up a shingle as a doctor and have a private practice. We'll respect you if you do. But we'll respect you just as much and even more if you get trained as a pro and go out and up in the world of action and of life.

Hit for the key spots by whatever means, the head of the women's club, the personnel director of a company, the leader of a good orchestra, the president's secretary, the advisor of the trade union—any key spot. Make a good sound living at it, drive a good car, but get your job done, handle and better the people you meet and bring about a better earth.

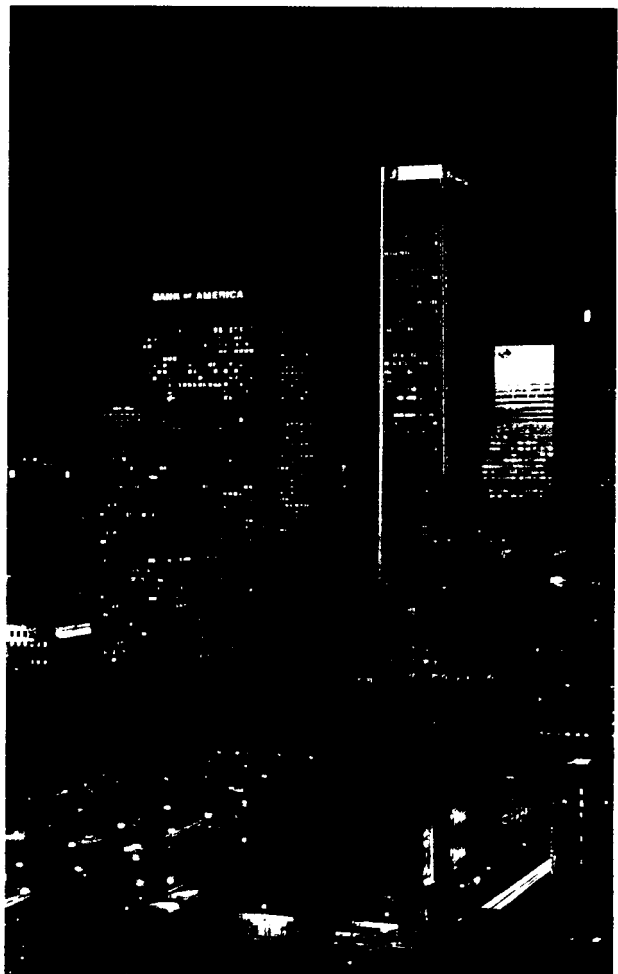

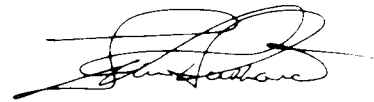

And stop feeling hangdog because you "aren't audit-

ing full time." Nobody expects you to.

We'll keep centres going to service your needs, some of us, we'll provide ammunition and books. And the rest of us had better invade every activity there is on a high level of success and make our influence felt on the comm lines of the world.

Scientology is the only game on Earth where everybody wins.

So let's help the world win.

"The factories, the marts of trade, the homes, the neighborhoods, these are the places we want trained Scientologists."

Finding the time to train

Finding the time to study anything is a chore when the skills of study are not known or used. Keeping up with professional journals, reading manuals or instruction books, keeping up with reports and correspondence—any study becomes slow and unconfident.

One can put off vital training in Scientology because "it takes too long."

In today's information age, being able to rapidly assimilate data is an important part of survival. And being able to rapidly understand LRH™ technology is vital to personal survival and success.

What slows us down in studying anything is simply not knowing or not applying the tech of study.

- What is the secret of studying a page once, and getting a conceptual understanding of it right away?
- Is it possible to read something, and then be able to apply it immediately, with full understanding?
- Is it really possible to study without feeling uncomfortable, getting massy, feeling blank or squashed?
- Could you study for several hours, bright alert, awake, understanding everything you read and confident you could apply it?

Finding time to study is easy. With the skills learned on the Student Hat, training is a fast, direct, rocket ride.

You'll rocket through your Academy training to the kind of causative, OT® life you want to lead.

And life itself becomes faster, more confident.

"In Scientology, you're not just increasing the learning rate of a person, but increasing his power of choice over what he has learned. And if you can do that, why, then he can lead a much better and more successful life."

L. Ron Hubbard
from The Study Tapes

Your ability to learn anything accelerates—you'll fly through those business journals, reports, instruction manuals and correspondence—anything you have to study in life. And that means more time for you.

Start on the Student Hat.® It is so important to your future that it is offered free to you when you enroll on your Academy Levels or Professional TR Course.

Get causative over your time. Get on board the Student Hat rocket and break the time barrier.

Your personal countdown has started.

“Whether we apply this to domestic quarrels or to insects, to garbage dumps or Picasso, one can always trace the beginnings of any existing problem to an unwillingness to confront.”

Confronting and handling life

Some things in life are just plain difficult to face. Monday morning traffic, irate customers, heated arguments.

We all have situations in life we don't enjoy confronting; situations where we get flustered, embarrassed or back off.

Have you ever wished, in those situations, that you had faultless social presence? That you could unflinchingly face even the roughest and most difficult social situations?

Those skills are learned, and rapidly learned, on

The Hubbard Professional TR Course was fantastic. It is a real power package for anyone. After the course my professional stats went up, and my investment newsletter was voted #1 in the nation.

today's Hubbard Professional TR Course.

Have you ever tried to communicate an idea or get a point across, only to be thrown off and never complete the cycle?

Have you ever had someone talk on and on and on, and wonder how to get a word in edgewise? Or have you explained something over and over, and still felt the person never got it?

You can learn to handle anyone with communication alone, in any social situation, no matter how rough. That is a learned skill, and you learn it rapidly on the Hubbard Professional TR Course.

Ron himself developed the new Hubbard Professional TR Course. He wrote the check-sheet and laid out exactly what you need to study in order to understand communication. He wrote and directed a fantastic new film just for this course. The film shows each of the TRs done totally STAND-ARDLY. There are also six demonstrations of Ron himself auditing, to give you a further example of perfect TRs.

On the Hubbard Professional TR Course, you can get your confront and your communication skills polished and drilled so that you can handle any situation with faultless social presence.

And that puts you on top of the world.

The Academy Levels

Learning the technology of handling life

Life is a jungle. The social veneer makes it seem mild. But only the lions survive – and even they have a hard time.

You may not run into wild animals, but you will certainly run into some aberration. You will stumble over communication barriers, fight your way through problems and confusions, wade through upsets, and do battle with people's odd and unexpected emotions and reactions.

Don't go at it half armed. Give yourself every advantage in life. Get your Academy training.

You can handle your life and succeed in life to the degree that you are technically trained. PERIOD.

Academy training gives you the know-how to handle life. Auditing gets you out of the trap. To stay out, you need to know the anatomy of traps. That's training. That's the other 50% of your gains.

Auditing gives you the potential of being. With training, you can get the tech to fully realize that potential.

Academy training gives you the tools to handle your career, your associates, your problems, your worries.

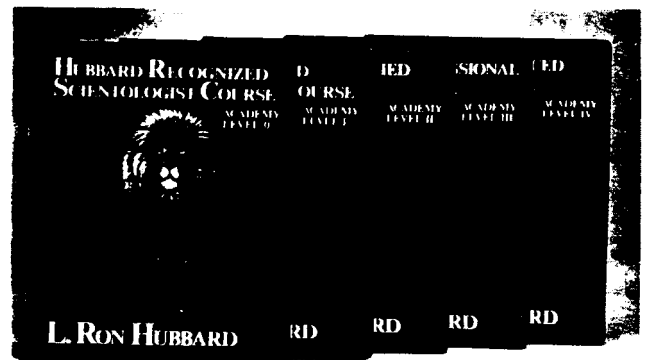

Training also speeds your progress in auditing. It enables you to co-audit your way up the Grade Chart, and when you get to the OT Levels, you get the best auditor possible – you.

The day, evening or weekend co-audit is delivered by your Scientology Organization free for students on their auditor training.

Training is the best investment you can make in yourself. And training is permanent. Training is for life.

Don't put it off. You've coped through the jungle long enough. Get the tech and do it right.

Start on your Academy training now.

The Academy Films: A Goldmine of Technical Data

Ron has created special Technical films that help you get through your training fast with more CERTAINTY ON THE TECH! These films answer questions, handle uncertainties and give you greater reality. They give you more mass on the subject and communicate in a way that cannot be misduplicated.

The Academy films were written by Ron to clearly demonstrate points of his technology. He also personally directed many of these films himself, and even narrated some of them. It's like having Ron right there in the course room!

These films are now being released in high-quality 16 mm. This means better picture and sound quality for faster progress through your courses.

Some of the film titles are: The Tone Scale, The Tone Scale Drill Film, How the E-Meter Works, False Tone Arm, E-Meter Reads, PC Indicators, The Cycle of Communication, Use of a Doll in Auditing and TRs, Start - Change - Stop, and The Auditor's Code. There are also many more.

These Tech Films are VITAL tools for achieving mastery as an Auditor in session and as a Scientologist in your everyday life. They help put Standard Tech there in full. If you have ever been on course and wished that Ron could just show you how to do it, then you have an idea of the importance of these films.

These films are only seen on the technical training courses to which they are assigned. Or, if you are a former graduate of technical courses or a field auditor, you may, on a retread or retrain of a previously done tech course, see the Technical Training Films that apply to the level being retreaded or retrained. This includes both those films assigned to that level and those assigned to the levels below it.

Used to handle EXACT areas of confusion or uncertainty, a retread or retrain is a superb way to polish up a person's skill with the materials. Additionally, a retread or retrain taken on a person's own origination is a commendable thing.

See the Registrar right away about enrolling on a retread of your courses, or enrolling on your next course.

A standard touch assist is one of the many assists you will see in Ron's technical film, TR 10, "Assists".

so that you can see the films you have not seen. Ron also says, "Films are a goldmine of technical data." You must see these films to have full duplication and certainty of Ron's tech.

GET ONTO YOUR ACADEMY TRAINING AND SEE THESE FILMS NOW!

Communication and life

Examples of communication breakdowns are all around us, from the breakup of a friend's marriage, to a blowup in the boardroom, to today's headlines.

You may be able to communicate well, but you are being hindered in life constantly by other people's inability to communicate. To be fully cause in life, you have to be able to handle communication fully—yours and other people's.

Have you ever had a business meeting go against you and not known how to turn it to your advantage?

Have you ever tried to talk to an angry boss, or parent, and been unable to get your point across?

Do you know how to take a screaming child and get him back in communication and laughing again?

It takes a lot of skill and know-how to restore another person's ability to communicate freely. That skill and know-how is taught on Academy Level 0, the Hubbard® Recognized Scientist Course.

On this course, Ron gives you the technology of handling communication. You'll read the bulletins and books, listen to the lectures and see the films that Ron has created

"He who can truly communicate to others is a higher being who builds new worlds."

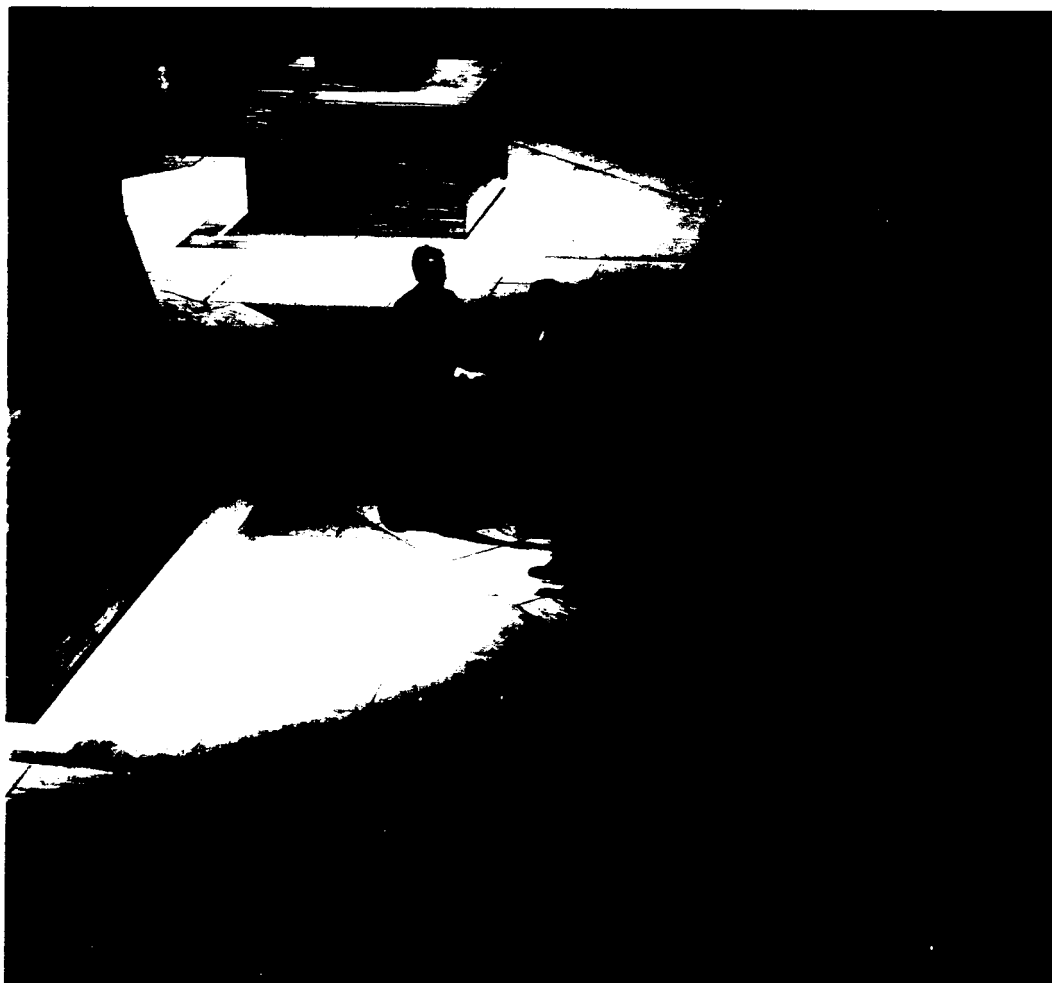

— Ron Hubbard

to give you the knowledge in this vital area of life.

You can also co-audit to Communications Release and gain this priceless state for yourself. Day, evening or weekend co-audits are available at no charge for the student.

Increased communication brings increased life. With the data on this course, you have the ability to bring life to many areas—personal relationships, your family, your business. And that means greater success and happiness for you.

Get causative over communication. Yours and others. Do Academy Level 0, the Hubbard Recognized Scientist Course.

andling the problems of life

Problems. We are surrounded by people who have problems, who are worried about problems, who are constantly trying to solve their problems. They have problems with not making enough money, or with making too much money. They have problems with their co-workers, with the boss, with their clients.

Where do these problems all come from?

What holds them in place, despite all the persons best efforts to "solve" them?

Why do your well-intentioned "solutions" to people's problems rarely work?

On Academy Level I, the Hubbard Trained Scientologist Course, you can learn how to untie the secret knots that hold problems in place. You learn the anatomy of problems—why people get problems in the first place, and the mechanics of how a problem is held in place.

This makes the Level I Graduate somewhat of a miracle worker. He can help others spot the source of problems and make them...vanish.

On completion of Academy Level I, you can also co-audit with another student to the state of Problems Release.

Just consider all of the insurmountable "problems" that you encounter every day with your family, friends and associates. Think how much of your time and energy gets absorbed in these problems. Suppose you could help these people spot the source of problems and make them simply vanish.

On Academy Level I, the Hubbard Trained Scientologist Course, you learn this incredible data from Ron's bulletins, books, tapes and films.

Become a miracle worker. Enroll on Academy Level I.

brought me to a plateau of certainty about life that was stable and unshakeable."

Relieving the sufferings of life

Why do people cut themselves off from others, and live lives of sad individuation?

Why do people shut off their emotions, or snap and strike at you when you try to help them?

Why do people suddenly leave marriages, jobs, groups—and could it have been prevented?

Your own survival and well-being is often cut across by the overts and withholds of those around you. Unless you can be cause over this area of life, your own goals are threatened. Who can you put your trust in? How can you ensure that your business associates are honest? Can you have an honest and trusting relationship?

Without the tech of handling overts and withholds, Man's only "solution" has been illness, degradation, individuation, loneliness, feelings of shame and despair.

On Academy Level II, the Hubbard Certified Auditor Course, you can learn the technology of bringing relief and returning trust and honesty to life.

It is possible for individuals to regain self respect, face up to their responsibilities and get back into communication with you, with their families, their fellow man and the world at large.

This is a priceless technology. It has never before existed. With it, the trained Scientologist can create a safer, more honest environment in which to achieve his goals.

While you are on this level, or after you've completed, you can also join a day, evening or weekend co-audit and become a Grade II Relief Release.

As Ron says, "Clean hands make a happy life." On Academy Level II, you can make that happiness a reality for yourself and others.

Do Academy Level II, the Hubbard Certified Auditor Course, and learn how to make your life saner.

Becoming cause over life's upsets

Many people dwell perpetually on troubles and upsets they have had in the past.

For them, time does not "heal" these emotional wounds. It just buries them and with them, the freedom and happiness and love of the individual.

Have you ever had a family member hold a years-long grudge against you?

Or a co-worker stay bitter for weeks about some slight?

Or a friend get sad and morose at the mention of his former wife's name?

Life can become a minefield of misemotion, unless you know how to handle upsets in your life.

Man has not had a technology to free anyone from these past upsets. But now this technology can be learned. And you can learn it on Level III of the Acad-

emy, the Hubbard Professional Auditor Course.

On Academy Level III, you study all of Ron's discoveries and breakthroughs in the area of ARC and ARC Breaks. What holds them in place? How do you free a person from their effects?

By joining a day, evening or weekend co-audit, you can also co-audit with another student to Grade III Freedom Release.

Imagine being able to free people from these past upsets, and get them back into comm with you, able to receive your ideas and communications. Life would be a lot happier, a lot more productive and fun.

It can be yours as an Academy Level III graduate.

Enroll on Academy Level III, the Hubbard Professional Auditor Course, and learn how to free your life of past upsets.

Handling the fixed conditions of life

One of the biggest barriers to creating a better life is running into the fixed conditions of life.

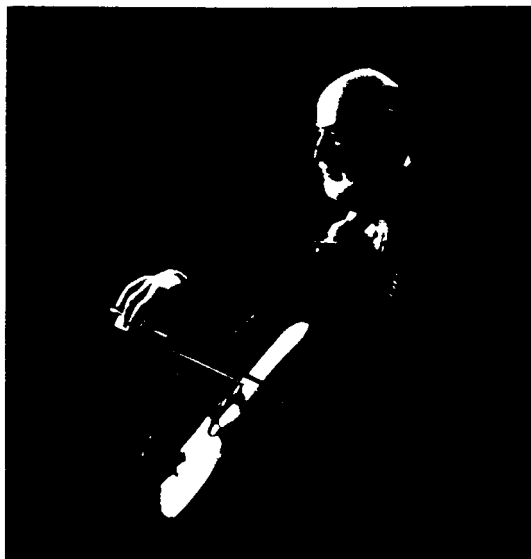

You're trying to change your life, to gain new abilities, to search out new horizons, yet you run into the considerations and stops of people whose lives and attitudes are held in an unchanging state by the mechanisms of the mind.

We all know people who are unable to move out of a fixed condition. An elderly family member critical of anything that threatens their status quo, a friend whose

solution to everything is to have another drink, a business partner with a lot of reasons why your new ideas won't work.

People's aberrated ways of "surviving" often involve making themselves right and you wrong. Unless you know how to handle that, you can be the effect of the fixed conditions of others.

On Academy Level IV, the Hubbard Advanced Auditor Course you learn the miraculous technology of undoing these fixed conditions.

"A trained Scientologist is not a doctor. He is someone with special knowledge in the handling of life."

L. Ron Hubbard

You'll also be able to co-audit with another student to Grade IV Freedom Release.

People can change. They can accept new ideas without being wrong or making you wrong. They can move out of the fixed conditions of their life.

And life's fixed conditions will no longer block your survival.

Enroll on Academy Level IV, the Hubbard Advanced Auditor Course, and discover how to be more at cause.

T raining and OT

On Solo levels you deserve the best auditor you can get: You.

Auditor training is highly recommended whether you plan to audit professionally or not. “Getting trained,” as a Solo auditor, does not simply mean to do the Solo courses. Training up to the level of a Class IV/NED auditor who knows his business is the most positive assurance there is that you will make it to OT.

It’s all right for these guys in lower grades to be pcs—that’s fine. But there comes a point as you move up the Grade Chart when your lack of auditing skill starts hitting you in the teeth and you won’t make it to OT at all. You’re walking straight into the tiger’s lair on New OT VII and you’d better be good!

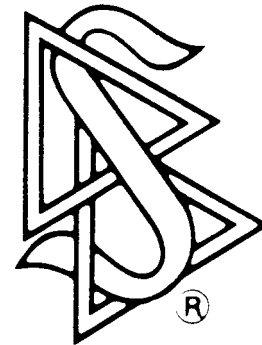

Recently some Solo NOTs[®] auditors reported that they were just giving themselves a session a week “to keep their ruds in.” What was actually occurring was that they were trying to make it to OT without being sufficiently trained, and giving as an excuse that, well, they’re just keeping their ruds in. If those Solo NOTs auditors knew what was ahead of them up the line they sure would not be monkeying with that.

The plain truth of it is, if anybody is really going to make it to OT he has to know how to audit. That’s the long and short of it.

You wouldn’t put yourself and your case in the hands of an untrained or poorly trained auditor, would you?

You owe yourself the best auditor in the world on Solo, and that is you.

So get trained.

When you come to the Saint Hill Organization for Solo Part II, we will check you out completely

and handle any flaws in your tech before you audit.

The reason for this is obvious. When you fly solo, you have to start, change and stop the session yourself, *and* be the pre-OT whose case is being handled. When you know the controls, you won't go into a spin.

Once your knowledge of these controls is thoroughly verified, you will audit on Solo Part II until you can handle your own case expertly. When you've made it, you will be awarded the golden "wings" pin of a solo auditor.

Prerequisites: 1) *Hubbard Qualified Scientologist*[™] or Class 0 Auditor or above; 2) *Student Hat*[®] study course; 3) a TR course; 4) *Sunshine Rundown*[®] auditing or NED[®] Case Completion, as applicable.

Solo Auditor

Wins

"I went into this experience with all the usual doubts: Would I be able to read the meter? Would I be able to do it and keep a session together? I was outright scared something would happen and I wouldn't know what to do.

"It resolved in my very first solo session. It was such a great experience, and I found that I really could DO it, at which point the inval machine just broke down completely.

"I had a huge win on being able to accept what was happening in the session, that it really WAS happening and that I was the one doing it, and I took off from there."

P.Y.

"After the next couple of sessions I *knew* I could do it. For the first time, I was at cause and really on my way to handling matter, energy, space, time and life on my *own*.

"My abilities to handle energy and to control my thoughts increased dramatically."

D.A.

"At the beginning I was uncertain I'd be able to handle the details of a session and be a pc as well.

"Now I'm quite aggressive about my case, I know I can handle it, and am all fired up to get in and do just that. There

is no trace left of being the effect of my case."

R.B.

"The Solo course has been the best training action I have ever done in *Scientology* technology. Besides getting

me closer to being on my OT* Levels, it really turned me into a true *Scientologist* by giving me such vital tech to operate with in life. I can't believe that there is so much incredible tech in this course and in these books.

"I've gone from never having operated an *E-Meter* in my life, to being

able to fly someone's ruds and having the certainty that I can audit. I feel that I can confront and handle all aspects of life with this tech."

P.P.

"I am now on Solo Part II. This is the most incredible thing I have ever done! I feel I can actually audit myself and handle anything that comes up in session. I have no doubts about my ability.

"My life has totally changed after one Solo session, both from what I handled and from my ability to cause it. My orientation is now outward, and I am ready to tackle the OT Levels."

L.M.

"I feel great - rehabbed as an auditor on my tech! I've been exterior most of the time since I've been here. It was a huge win to realize that my barriers to OT are blown because I'm not stopping myself anymore, and that I'm the only one who ever was stopping me. Now I feel really at cause!"

K.T.

"I went from not knowing anything about the *E-Meter* and not wanting to audit, to really understanding the meter and looking forward to auditing.

"The Solo Drills are great and I'm really getting the idea of what OT means and why I *must* get there."

THE SAINT HILL SPECIAL BRIEFING COURSE

HISTORY OF THE SAINT HILL SPECIAL BRIEFING COURSE

L. Ron Hubbard acquired the beautiful Saint Hill Manor in 1959, and made it his home. Here in the rolling hills of the Sussex countryside in England, LRH continued his researches and developments of SCIENTOLOGY.

In March 1961, LRH invited the top SCIENTOLOGY auditors from around the world to his home at Saint Hill for a "special briefing" on the latest advances in SCIENTOLOGY¹ technology, and to perfect their auditing skills. He issued an information letter which began, "A very few selected persons in Scientology may be trained, briefed and audited at Saint Hill until further notice."

This was the beginning of the famous SAINT HILL Special Briefing Course.

The SAINT HILL Special Briefing Course started small, with just a handful of students studying on the lower floors of the Manor, closely supervised by LRH. But the Briefing Course soon expanded – and expanded, as SCIENTOLOGISTS² flocked to Saint Hill for this tough and intensive course that made highly-skilled, effective auditors.

In 1962 LRH wrote, "The Saint Hill Special Briefing Course exists to train superlative auditors. This is its whole purpose. Clearing³ around the world is following in the wake of this training. And graduates, setting up the technology in their areas and working with other graduates, are going Clear or are Clear today."

The years LRH supervised the Briefing Course at Saint Hill were a time of intense research by LRH, a period of major technical discoveries and advances.

LRH wrote that "Hardly any HCO⁴ Bulletins⁴ mirror this period. It was all on tapes. This has been a fantastic and dramatic period in the history and development of Scientology and I'm proud that it came off."

Between May 1961 and December 1966, LRH regularly gave recorded lectures to the students of the original SAINT HILL Special Briefing Course and these lectures – 439 in all – form the core of the Briefing Course.

The SAINT HILL Special Briefing Course developed into the biggest, most comprehensive course in SCIENTOLOGY, the only course that covered every development of

DIANETICS⁵ and SCIENTOLOGY.

It is a full chronological study of LRH's phenomenal discoveries, covering the full body of material of DIANETICS and SCIENTOLOGY. The SAINT HILL Special Briefing Course contains the largest and the only effective body of technology on human behavior, the mind and life ever developed.

Far above any university education, the Briefing Course gives a degree in life itself.

A graduate of the SAINT HILL Special Briefing Course is awarded the classification of Class VI Auditor. A Briefing Course graduate joins the fraternity of the Auditor elite, the only individuals with a full command of the technology of the mind and life.

Follow the history of the SAINT HILL Special Briefing Course in pictures and words in this brochure.

1 auditor: *Scientology* processing is done on the principle of making another look at his own existence, and improve his ability to confront what he is and where he is. An auditor is one who is trained in the technology and whose job it is to ask the person to look, and get him to do so.

2 Clearing: the making of a Clear, the name of a state achieved through auditing, or an individual who has attained this state. A Clear is a being who no longer has his own reactive, or subconscious mind. A Clear is an unaberrated person and is rational in that he forms the best possible solutions he can on the data he has, and from his viewpoint.

3 HCO: *Hubbard* Communications Office. The division of a Scientology organization which is responsible for the hiring of personnel, routing of incoming and outgoing communications and maintaining ethics and justice among Scientologists on staff and in the area.

4 HCO Bulletin: a technical issue written by L. Ron Hubbard only. All data for auditing and courses is contained in HCO Bulletins. They are issued in red ink on white paper, consecutive by date.

The major event of 1961 in SCIENTOLOGY was Ron's establishment of the most comprehensive and thorough auditor training course ever — the SAINT HILL Special Briefing Course. Announced on the 24th of March, this course rapidly became known the world over as the course on which to get the latest tech and become a truly skilled auditor.

Ron's major activities in 1962 were his researches and overseeing of the SAINT HILL Special Briefing Course. He delivered over 150 lectures to Briefing Course students, updating them on each research development and refinement as it was made and inspected and corrected their application of what they were learning.

1962

Saint Hill was always a site of expansion. New structures — such as the Chapel seen here under construction — were built to provide room for the ever-increasing number of Briefing Course students.

SAINT HILL TRAINING

A very few selected persons in Scientology may be trained, briefed and audited at Saint Hill until further notice.

With the advent of Standard Operating Procedure, Goals, which has now shown its ability to make Releases or Clears of all cases on the 3rd South African ACC and in HGCs, it is necessary that persons from various parts of the world be given an opportunity to study all materials on this technology and be specially briefed in its use and receive enough auditing on it under close supervision to have a full reality on its results.

The purpose of this programme is to get this material in its purest and most workable form directly relayed to the various persons who have attained Clear or Releas

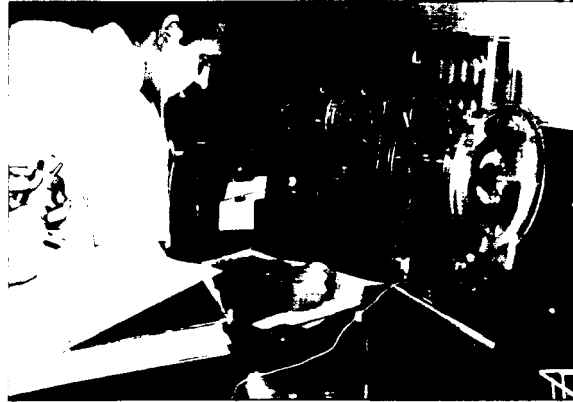

In 1963, while keeping the SAINT HILL Special Briefing Course roaring ahead and producing the world's top auditors, Ron embarked on what he called "the most intense period of research I've yet done." He completed research into the higher states of man. He was also able to provide new basic technology to bridge the man in the street all the way to these highest states. All of the breakthroughs were detailed by Ron in his lectures to SAINT HILL Special Briefing Course students.

1964 was another landmark year. Ron created *The Auditor*[®], a new magazine sent out regularly from Saint Hill to swiftly carry information on his latest technical developments as well as news of Saint Hill and the wins of SAINT HILL Special Briefing Course students and preclears.

Technical progress in 1964 included tremendous achievements in the field of education. Combining his own experiences as a student with observations made in training SAINT HILL Special Briefing Course students, Ron developed study technology and recorded his revolutionary new technology in lectures to students on the Briefing Course. Immediately put into practice on the Briefing Course, Ron's study technology vastly improved training speed and effectiveness.

1963

The SAINT HILL Special Briefing Course lectures by Ron were recorded and preserved so that others could share in the wisdom and knowledge Ron gave on the Briefing Course.

SAINT HILL Special Briefing Course students listened to Ron's lectures on reel-to-reel tape players, crowded into any available space as the SAINT HILL Special Briefing Course continued to expand.

1963

1963

Courses were intense and students had to produce RESULTS. SAINT HILL Special Briefing Course students worked industriously to make the grade as Saint Hillers — the Auditor Elite.

1964

Course breaks gave time for refreshments and a little socializing. Then it was back to work on course!

1965 was a year of intense activity, with breakthroughs occurring at an incredible pace both administratively and technically. Ron codified the technology of organization, developed as he expanded Saint Hill into a booming organization with hundreds of SCIENTOLOGISTS from all over the world at Saint Hill for the Briefing Course and auditing.

Early in 1966, Ron turned over his hats and left Saint Hill to do advanced research. He ensured the SAINT HILL Special Briefing Course, complete with all technology developed up to that point, was in the hands of trained Supervisors to carry on with his highly successful course.

Returning to Saint Hill in July of 1966, Ron resumed lecturing to students on the SAINT HILL Special Briefing Course, completing his monumental, five-year series of lectures and demonstrations in December.

As SCIENTOLOGY expanded all over the world the demand for SAINT HILL services and the Briefing Course, expanded.

In 1968 the American Saint Hill Organization (ASHO), and in 1969 the Advanced Organization Saint Hill Europe & Africa (AOSH Europe & Africa) were established to deliver all the services of the original Saint Hill in England.

In 1983, the Advanced Organization Saint Hill Australia, New Zealand and Oceania (AOSH ANZO) was established.

Across the world, SAINT HILL Organizations have made thousands of Class VI Auditors — the Dukes of the Auditor Elite!

1965

Students drilling on their courses were a common sight on SAINT HILL grounds when it was too crowded in the course rooms — weather permitting of course.

1965

Most of the SAINT HILL Special Briefing Course lectures were given in the Saint Hill Chapel seen at the back in this picture. Ron's lectures were the highlight of the week for the students.

Many important achievements and breakthroughs occurred at Saint Hill such as Ron's announcement that a person could actually audit himself — solo auditing began!

1965

1965

Briefing Course students were always the first to find out about all of Ron's new discoveries as they came out.

1969

"The original Class VI Org was located in a beautiful English Estate, Saint Hill Manor, East Grinstead, Sussex. When a Class VI Org was formed in Copenhagen to service Europe in all languages it was staffed by people from Saint Hill who named it, of course, 'Saint Hill'"

*L. Ron Hubbard
from Ron's Journal 30*

1968

"And when the American Class VI Organization was formed it was staffed by people taken from Saint Hill and, of course, they called it The American Saint Hill Organization. The services remain the same..."

*L. Ron Hubbard
from Ron's Journal 30*

1983

When AOSH ANZO opened its doors Ron wrote to Scientologists, "I can think of no better gift to my dear friends in Australia, New Zealand, the South Pacific and, yes, even the Far East..."

*— LRH 12 July, 1983
For the first time students could now do the SAINT HILL Special Briefing Course in the Southern Hemisphere.*

ANNOUNCING THE NEW

Today, with all written technology verified as 100% pure LRH™ tech and complete in the Technical Volumes and books, it is possible to provide you with the new, complete SAINT HILL Special Briefing Course exactly as Ron intended it to be: an in sequence study of the developments of DIANETICS and SCIENTOLOGY one by one as they occurred – a consecutive chain of breakthroughs, each one a milestone in man's understanding of man.

CSI PROD NOV 22 1993

235825

The new SAINT HILL Special Briefing Course is a complete chronological study of technical materials from 1948 to 1991.

THE TECHNICAL VOLUMES ARE THE SHSBC* COURSE PACKS

The full set of Technical Volumes – containing ALL of LRH's technical articles from 1950 to 1991 in chronological order – are the course packs for the SAINT HILL Special Briefing Course.

437 SAINT HILL SPECIAL BRIEFING COURSE LECTURES

The lectures LRH gave from 1961 to 1966 to students of the original SAINT HILL Special Briefing Course form the core of the Briefing Course, yet for many years over one third of these lectures were omitted from the course. All the non-confidential lectures are now restored to the Briefing Course.

For the first time, 437 SAINT HILL Special Briefing Course lectures are included in exact chronological order as originally given on the Briefing Course.

Each lecture has been restored to its original content and reproduced in stereo with CLEAR SOUND™ state-of-the-art sound technology, so you hear every word clearly.

There is no longer any need to waste time searching through dictionaries and card files for hard-to-find words. Now all lectures have complete transcripts and glossaries including all the hard-to-find words and phrases. This means you get every word LRH says and you can find any definition in seconds.

By actual test, these transcripts and glossaries speed a student's progress by three times while increasing comprehension.

In addition to the Briefing Course lectures, there are now over 30 additional lectures vital to understanding specific auditing skills, such as the EXPANDED DIANETICS™ lectures.

16 FAST CHECKSHEETS

The SAINT HILL Special Briefing Course now consists of sixteen

individual checksheets. Levels A through P, each an average of just 3 - 4 weeks long! Now you can speed with winged boots along a parallel journey of discovery – which took years – and get the tech down cold as an SHSBC graduate in a fraction of the time.

The first fourteen checksheets are a full chronological study of DIANETICS and SCIENTOLOGY from 1948 forward to the present.

Each checksheet teaches a specific auditing technology and skill, has its own end result and its own certificate.

On the final two checksheets the student audits a great deal and becomes an expert auditor – able to standardly apply the most valuable technology there is.

LRH intended that the SHSBC be divided into short courses each with its own certificate and technical skill, so that SCIENTOLOGISTS who are not able to do the full Briefing Course all at once could do one or two levels and return later for additional levels. If you live away from your SAINT HILL Org and are not able to do the full 16 levels of the Briefing Course all at once, you can enroll on and do the Briefing Course just one level or several levels at a time, becoming certified for each level as you go.

On completion of the final checksheet, the SAINT HILL Special Briefing Course graduate receives the prestigious certificate of:

**HUBBARD SENIOR
SCIENTOLOGIST
CLASS VI AUDITOR
(PROVISIONAL)**

The student who signs up for the full Briefing Course at once receives a sizable donation discount on the course and materials, and is eligible for professional rates on auditing in the SAINT HILL Org HGC.

The whole course, all 16 Levels, takes 52 weeks for the SCIENTOLOGIST™ with no previous auditor training. A Class V Graduate Auditor could expect to complete the course in about 35 weeks.

The SAINT HILL Special Briefing Course covers ALL the SCIENTOLOGY auditor technology from 1948 to present time, in chronological order – as LRH discovered it. On the Briefing Course you gain a whole broad overview of the tech and see it in a perspective you can't get on any other course. This gives you a concept and grasp of the tech that you can apply to auditing and life like never before. This gives you a degree in life that makes you totally hatted, not just as an auditor, but in all aspects of livingness to a point where your knowledge and gained wisdom is more than adequate to handle any situation.

This course is intended for all SCIENTOLOGISTS and is a must on the training side of THE BRIDGE™.

It's here where you get it all together. This is where the tech is taught hard and standard. Here you learn to apply the step-by-step progress and breakthroughs that will handle all of man's aberrations.

You need to do the SAINT HILL Special Briefing Course for a full philosophic and technical command of life itself.

You can be a Saint Hiller, one of the Dukes of the Auditor Elite.

Do the SAINT HILL Special Briefing Course. ENROLL NOW!

LEVEL G

THE FUNDAMENTALS OF CONFESSIONALS

13 December 1961
to 26 June 1962

"There is an exact and precise auditor action and response for every auditing situation and for every case. We are not today beset by variable approaches. The less variable the auditor's actions and responses, the greater gain in the pc. It is terribly precise. There is no room for flubs." - LRH

Level G is a concentration of all the basics of security checking, and spotting and handling missed withhold. This includes the withhold system, what is it about a withhold that makes it a withhold, indicators of a withhold, the fifteen manifestations of missed withhold and much more.

You will also cover the overt motivator sequence, the "Bad" Auditor, instant reads, rudiments, prepchecking and dirty needles.

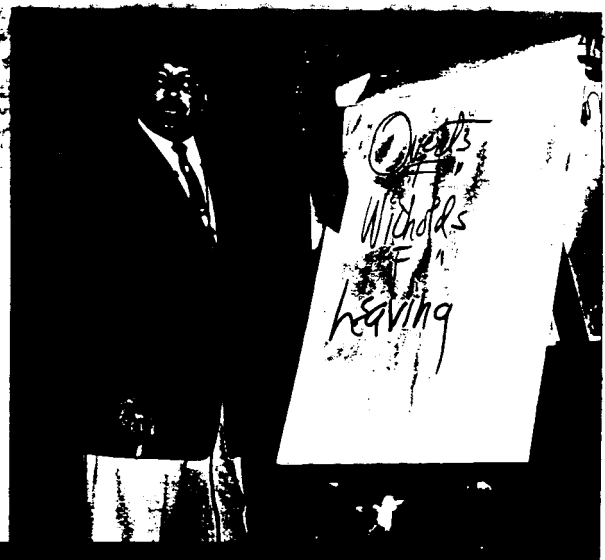

On this level you will drill spotting and handling each of the manifestations of a missed withhold, pulling missed withhold, following down a dirty needle and varying sec check questions.

PREREQUISITE: SHSBC Level F.

PRODUCT: A thorough understanding of missed withhold and the ability to recognize their manifestations.

CERTIFICATE: FUNDAMENTALS OF CONFESSIONALS GRADUATE (Provisional).

LENGTH OF COURSE: 4 weeks full time.

On Level G you will extensively drill the basics on pulling withhold, spotting the fifteen manifestations of a missed

withhold, the handling of a dirty needle, varying sec check questions and other confessional techniques.

You will see LRH Tech Films to give you subjective reality on this technology.

LEVEL H

THE BASICS OF LISTING
26 June 1962 to 30 October 1962

"We have to make that clear on listing - that listing consists of getting items, getting the pc to confront items and name them. That is what listing consists of." - LRH

On Level H you will learn the basics of listing including signs of bad listing and auditing attitude during listing. The course also covers more on instant reads, more on the basics of auditing, rock slams and what they indicate and directing the pc's attention.

You will do practical drills and demos to ensure your understanding of the materials.

In SHSBC lecture #188 entitled *Meter Training*, Ron explained that the period of time required to observe meter reads could be shortened by practice and drilling until a person can observe the tiniest, narrowest moment of time. A projector has been developed exactly to Ron's specifications specially for use on the SHSBC. On this level you will drill using the E-Meter Perception Drill Projector until you can perceive things in the tiniest moment of time, thus greatly increasing your ability to read a meter.

PREREQUISITE: SHSBC Level G.

PRODUCT: A thorough understanding of listing.

CERTIFICATE: BASICS OF LISTING GRADUATE (Provisional).

LENGTH OF COURSE: 3 weeks full time.

In accordance with LRH's instructions, in SHSBC Tape #188, Meter Training, a special training device has been developed for use on the Briefing Course. The projector displays images for fractions of a second, on a gradient, until the student's ability to perceive in session is greatly enhanced.

MATERIALS:

- The Technical Bulletins of Dianetics and Scientology Volume VI
- Saint Hill Special Briefing Course Lectures 181 - 193
- Saint Hill Special Briefing Course Lectures 194 - 206
- Saint Hill Special Briefing Course Lectures 207 - 219
- Saint Hill Special Briefing Course Lectures 220 - 232

If I don't miss meter reads, and don't have A/R reads, how can I should you? With modern session patterns and processes well learned, all you have to acquire is the ability to never miss or reading a needle. If I can do it you can.

LEVEL I

THE BASICS OF LISTING AND NULLING

30 October 1962
to 15 May 1963

"There is no short stop on the road to truth. That is the only track that you have to go all the way on. Once you have put your feet upon that road, you have to walk to its end. Otherwise, all manner of difficulties and upsets will beset you."

- LRH

On Level I, you will learn the fundamentals of listing and nulling, including the do's and don'ts of this precise technology. The course also teaches you how to handle originations, how to spot the state of the pc, the cycle of an ARC break and what to do when an ARC break occurs in session, the relation of the reactive mind to purpose and more.

PREREQUISITE: SHSBC Level H.

PRODUCT: A thorough understanding of the basics of listing and nulling.

CERTIFICATE: BASICS OF LISTING AND NULLING GRADUATE (Provisional).

LENGTH OF COURSE:
3-1 2 weeks full time.

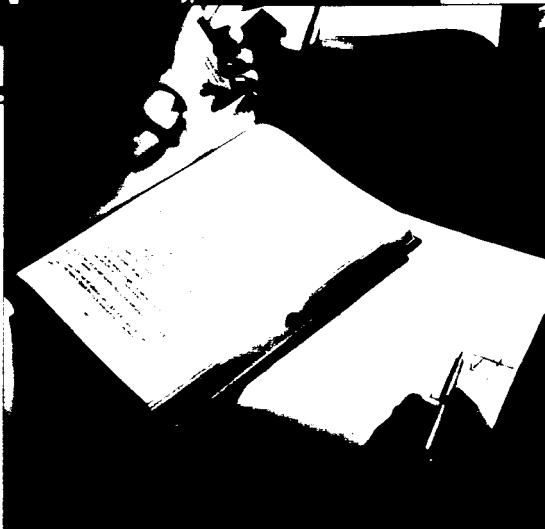

Level I of the SAINT HILL Special Briefing Course covers the powerful technology of listing and nulling. To be a truly expert auditor you need to have

this very specific and precise technology down cold. It is on this Level that you will learn the development behind the laws of listing and nulling. With the proper application of this tech an auditor can blow tremendous amounts of charge on any preclear.

"A chronological study of materials is necessary for the complete training of a truly top-grade expert in these lines. He can see how the subject progressed and so is able to see which are the highest levels of development. Not the least advantage in this is the defining of words and terms for each, when originally used, was defined, in most cases, with considerable exactitude, and one is not left with any misunderstandings. It is for this reason that the Saint Hill Briefing Course checksheet should consist only of the chronological materials."

SPECIAL BRIEFING COURSE

L. Ron Hubbard acquired the beautiful Saint Hill Manor in 1959, and made it his home. Here in the rolling hills of the Sussex countryside in England, LRH continued his researches and developments of SCIENTOLOGY.

In March 1961, LRH invited the top SCIENTOLOGY auditors¹ from around the world to his home at Saint Hill for a "special briefing" on the latest advances in SCIENTOLOGY² technology, and to perfect their auditing skills. He issued an information letter which began, "A very few selected persons in Scientology may be trained, briefed and audited at Saint Hill until further notice."

This was the beginning of the famous SAINT HILL³ Special Briefing Course.

The SAINT HILL Special Briefing Course started small, with just a handful of students studying on the lower floors of the Manor, closely supervised by LRH. But the Briefing Course soon expanded – and expanded, as SCIENTOLOGISTS⁴ flocked to Saint Hill for this tough and intensive course that made highly-skilled, effective auditors.

In 1962 LRH wrote, "The Saint Hill Special Briefing Course exists to train superlative auditors. This is its whole purpose. Clearing⁵ around the world is following in the wake of this training. And graduates, setting up the technology in their areas and working with other graduates, are going Clear or are Clear today."

The years LRH supervised the Briefing Course at Saint Hill were a time of intense research by LRH, a period of major technical discoveries and advances.

LRH wrote that "Hardly any HCO⁶ Bulletins⁷ mirror this period. It was all on tapes. This has been a fantastic and dramatic period in the history and development of Scientology and I'm proud that it came off."

Between May 1961 and December 1966, LRH regularly gave recorded lectures to the students of the original SAINT HILL Special Briefing Course and these lectures – +3⁸ in all – form the core of the Briefing Course.

The SAINT HILL Special Briefing Course developed into the biggest, most comprehensive course in SCIENTOLOGY, the only course that covered every development of

DIANETICS⁹ and SCIENTOLOGY.

It is a full chronological study of LRH's phenomenal discoveries, covering the full body of material of DIANETICS and SCIENTOLOGY. The SAINT HILL Special Briefing Course contains the largest and the only effective body of technology on human behavior, the mind and life ever developed.

Far above any university education, the Briefing Course gives a degree in life itself.

A graduate of the SAINT HILL Special Briefing Course is awarded the classification of Class VI Auditor. A Briefing Course graduate joins the fraternity of the Auditor elite, the only individuals with a full command of the technology of the mind and life.

Follow the history of the SAINT HILL Special Briefing Course in pictures and words in this brochure.

1 Auditor: Scientology processing is done on the principle of making another look at his own existence, and improve his ability to confront what he is and where he is. An auditor is one who is trained in the technology and whose job it is to ask the person to look, and get him to do so.

2 Clearing: the making of a Clear, the name of a state achieved through auditing, or an individual who has attained this state. A Clear is a being who no longer has his own reactive, or subconscious mind. A Clear is an unadorned person and is rational in that he forms the best possible solutions he can on the data he has, and from his viewpoint.

3 HCO: Hubbard Communications Office. The division of a Scientology organization which is responsible for the hiring of personnel, routing of incoming and outgoing communications and maintaining ethics and justice among Scientologists on staff and in the area.

4 HCO Bulletin: a technical issue written by L. Ron Hubbard only. All data for auditing and courses is contained in HCO Bulletins. They are issued in red ink on white paper, consecutive by date.

The major event of 1961 in SCIENTOLOGY was Ron's establishment of the most comprehensive and thorough auditor training course ever — the SAINT HILL Special Briefing Course. Announced on the 24th of March, this course rapidly became known the world over as the course on which to get the latest tech and become a truly skilled auditor.

Ron's major activities in 1962 were his researches and overseeing of the SAINT HILL Special Briefing Course. He delivered over 150 lectures to Briefing Course students, updating them on each research development and refinement as it was made and inspected and corrected their application of what they were learning.

1962

Saint Hill was always a site of expansion. New structures — such as the Chapel seen here under construction — were built to provide room for the ever-increasing number of Briefing Course students.

SAINT HILL TRAINING

A very few selected persons in Scientology may be trained, briefed and audited at Saint Hill until further notice.

With the advent of Standard Operating Procedure, Goals, which has now shown its ability to make Releases or Clears of all cases on the 3rd South African ACC and in HGCs, it is necessary that persons from various parts of the world be given an opportunity to study all materials on this technology and be specially briefed in its use and receive enough auditing on it under close supervision to have a full reality on its results.

The purpose of this programme is to get this material in its most workable form directly relayed to the various persons who have attained Clear or Rele

In 1963, while keeping the SAINT HILL Special Briefing Course roaring ahead and producing the world's top auditors, Ron embarked on what he called "the most intense period of research I've yet done." He completed research into the higher states of man. He was also able to provide new basic technology to bridge the man in the street all the way to these highest states. All of the breakthroughs were detailed by Ron in his lectures to SAINT HILL Special Briefing Course students.

1964 was another landmark year. Ron created *The Auditor*[®], a new magazine sent out regularly from Saint Hill to swiftly carry information on his latest technical developments as well as news of Saint Hill and the wins of SAINT HILL Special Briefing Course students and preclears.

Technical progress in 1964 included tremendous achievements in the field of education. Combining his own experiences as a student with observations made in training SAINT HILL Special Briefing Course students, Ron developed study technology and recorded his revolutionary new technology in lectures to students on the Briefing Course. Immediately put into practice on the Briefing Course, Ron's study technology vastly improved training speed and effectiveness.

1963

The SAINT HILL Special Briefing Course lectures by Ron were recorded and preserved so that others could share in the wisdom and knowledge Ron gave on the Briefing Course.

SAINT HILL Special Briefing Course students listened to Ron's lectures on reel-to-reel tape players, crowded into any available space as the SAINT HILL Special Briefing Course continued to expand.

1963

1963

Courses were intense and students had to produce RESULTS. SAINT HILL Special Briefing Course students worked industriously to make the grade as Saint Hillers — the Auditor Elite.

1964

Course breaks gave time for refreshments and a little socializing. Then it was back to work on course!

1965 was a year of intense activity, with breakthroughs occurring at an incredible pace both administratively and technically. Ron codified the technology of organization, developed as he expanded Saint Hill into a booming organization with hundreds of SCIENTOLOGISTS from all over the world at Saint Hill for the Briefing Course and auditing.

Early in 1966, Ron turned over his hats and left Saint Hill to do advanced research. He ensured the SAINT HILL Special Briefing Course, complete with all technology developed up to that point, was in the hands of trained supervisors to carry on with his highly successful course.

Returning to Saint Hill in July of 1966, Ron resumed lecturing to students on the SAINT HILL Special Briefing Course, completing his monumental, five-year series of lectures and demonstrations in December.

AS SCIENTOLOGY expanded all over the world the demand for SAINT HILL services and the Briefing Course, expanded.

In 1968 the American Saint Hill Organization (ASHO), and in 1969 the Advanced Organization Saint Hill Europe & Africa (AOSH Europe & Africa) were established to deliver all the services of the original Saint Hill in England.

In 1983, the Advanced Organization Saint Hill Australia, New Zealand and Oceania (AOSH ANZO) was established.

Across the world, Saint Hill Organizations have made thousands of Class VI Auditors — the Dukes of the Auditor elite!

1965

Students drilling on their courses were a common sight on Saint Hill grounds when it was too crowded in the course rooms — weather permitting of course.

1965

Most of the SAINT HILL Special Briefing Course lectures were given in the Saint Hill Chapel seen at the back in this picture. Ron's lectures were the highlight of the week for the students.

Many important achievements and breakthroughs occurred at Saint Hill such as Ron's announcement that a person could actually audit himself — solo auditing began!

1965

1965

Briefing Course students were always the first to find out about all of Ron's new discoveries as they came out.

1969

"The original Class VI Org was located in a beautiful English Estate, Saint Hill Manor, East Grinstead, Sussex. When a Class VI Org was formed in Copenhagen to service Europe in all languages it was staffed by people from Saint Hill who named it, of course, 'Saint Hill'"

L. Ron Hubbard
from Ron's Journal 30

1968

"And when the American Class VI Organization was formed it was staffed by people taken from Saint Hill and, of course, they called it The American Saint Hill Organization. The services remain the same..."

L. Ron Hubbard
from Ron's Journal 30

1983

When AOSH ANZO opened its doors Ron wrote to Scientologists, "I can think of no better gift to my dear friends in Australia, New Zealand, the South Pacific and, yes, even the Far East..."

— LRH 12 July, 1983
For the first time students could now do the SAINT HILL Special Briefing Course in the Southern Hemisphere.

ANNOUNCING THE NEW

Today, with all written technology verified as 100% pure LRH™ tech, and complete in the Technical Volumes and books, it is possible to provide you with the new, complete SAINT HILL Special Briefing Course exactly as Ron intended it to be: an in sequence study of the developments of DIANETICS and SCIENTOLOGY one by one as they occurred – a consecutive chain of breakthroughs, each one a milestone in man's understanding of man.

The new SAINT HILL Special Briefing Course is a complete chronological study of technical materials from 1948 to 1991.

THE TECHNICAL VOLUMES ARE THE SHSBC COURSE PACKS

The full set of Technical Volumes – containing ALL of Ron's technical articles from 1950 to 1991 in chronological order – are the course packs for the SAINT HILL Special Briefing Course.

There are nearly 8,000 pages of issues.

437 SAINT HILL SPECIAL BRIEFING COURSE LECTURES

The lectures Ron gave from 1961 to 1966 to students of the original SAINT HILL Special Briefing Course form the core of the Briefing Course, yet for many years over one third of these lectures were omitted from the course. *All* lectures are now restored to the Briefing Course.

For the first time, all 437 SAINT HILL Special Briefing Course lectures are included in exact chronological order as originally given on the Briefing Course.

Each lecture has been restored to its original content and reproduced in stereo with CLEAR SOUND state-of-the-art sound technology, so you hear every word clearly.

There is no longer any need to waste time searching through dictionaries and card files for hard-to-find words. Now all lectures have complete transcripts and glossaries including all the hard-to-find words and phrases. This means you get every word Ron says and you can find any definition in seconds.

By actual test, these transcripts and glossaries speed a student's progress by three times while increasing comprehension.

In addition to the Briefing Course Lectures, there are now over 30 additional lectures vital to understanding specific auditing skills, such as the EXPANDED DIANETICS lectures.

ELECTRONIC MONITORING SYSTEM

A supervisor tool has been researched and developed especially for the Briefing Course per Ron's directions. A supervisor is able to monitor and direct student auditing

sessions. The student plugs his meter into a connector that is linked to a special meter that is on the supervisor's desk, and wears an unobtrusive earphone system. The supervisor can see the reads of the student's meter on his own special meter, can hear what is being said in the session and can talk to the student auditor, all without disturbing or distracting the preclear. This tool greatly enhances the training of Briefing Course auditors.

E-METER PERCEPTION DRILL PROJECTOR

In the Briefing Course lecture #188 *Meter Training*, Ron explained that the period of time required to observe meter reads could be shortened by practice and drilling until a person can observe the tiniest, narrowest moment of time. The E-METER Perception Drill Projector is invaluable in the recognition of instant E-METER™ reads. This device was developed exactly to Ron's specifications specially for use on the SHSBC.

LRH FILMS

On the SAINT HILL Special Briefing Course you will see *all* of LRH's Technical Training Films. And two *new* LRH films of Briefing Course lectures, believed to have been lost, which haven't been seen for 25 years. These have been found and restored and are included on the Briefing Course and can be viewed for the first time!

COURSE LENGTH

Each SAINT HILL Special Briefing Course checksheet takes 3 to 4 weeks to complete. The whole course, all 16 Levels, takes 52 weeks for the SCIENTOLOGIST with no previous auditor training. A Class V Graduate Auditor could expect to complete the course in about 35 weeks.

PREREQUISITES

The prerequisites for the SAINT HILL Special Briefing Course are STUDENT HAT study course, METHOD ONE word clearing, Pro TR Course, Pro Upper Indoc TR Course and Class V Auditor. If you are Clear or above, the only prerequisites are STUDENT HAT, METHOD ONE, Pro TR Course and the Pro Upper Indoc TR Course.

SHSBC Training is now ideal: short, easy-to-do new checksheets each with its own technical skill and certificate

The SAINT HILL Special Briefing Course now consists of sixteen individual checksheets, Levels A through P, each an average of just 3-4 weeks long!

Each checksheet teaches a specific auditing technology and skill, has its own end result and its own certificate.

Ron intended that the SHSBC be divided into short courses each with its own certificate and technical skill, so that SCIENTOLOGISTS who are unable to do the full Briefing Course all at once could do one or two levels and return later for additional levels.

If you live away from your SAINT HILL Org and are unable to do the full 16 levels of the Briefing Course consecutively, you can enroll on and do the Briefing Course just one level or several levels at a time, becoming certified for each level as you go.

The first fourteen checksheets are a full chronological study of DIANETICS and SCIENTOLOGY from 1948 forward to the present.

On the final two checksheets the student audits a great deal and becomes an expert auditor — able to standardly apply the most valuable technology there is.

On the following pages, each level of the Briefing Course is detailed.

"A chronological study of materials is necessary for the complete training of a truly top-grade expert in these lines. He can see how the subject progressed and so is able to see which are the highest degrees of development. Not the least advantage in this is the defining of words and terms for each, when originally used, was defined, in most cases, with considerable exactitude, and one is not left with any misunderstandings. It is for this reason that the Saint Hill Briefing Course checksheet should consist only of chronological materials."
